

Dear Friend,

The 2024 election will be unlike any in American History. The globalists will cheat and are desperate. The globalists also know that we are on to them.

So, think long and hard about what is REALLY important in 2024. What should be the priority for MIGOP?

- a. Robust election integrity team
- b. Laundering millions of dollars from globalist elites to Republican leaders in elected office like Rick “Cocaine” Johnson, Lee “Strip Clubs” Chatfield and Jack “Unlimited money for Ukraine” Bergman.
- c. Bribing officials like Stanley Grot so as to control ballot access and protect certain political insiders.
- d. Protecting the Republican donor class from the grassroots “rabble.”

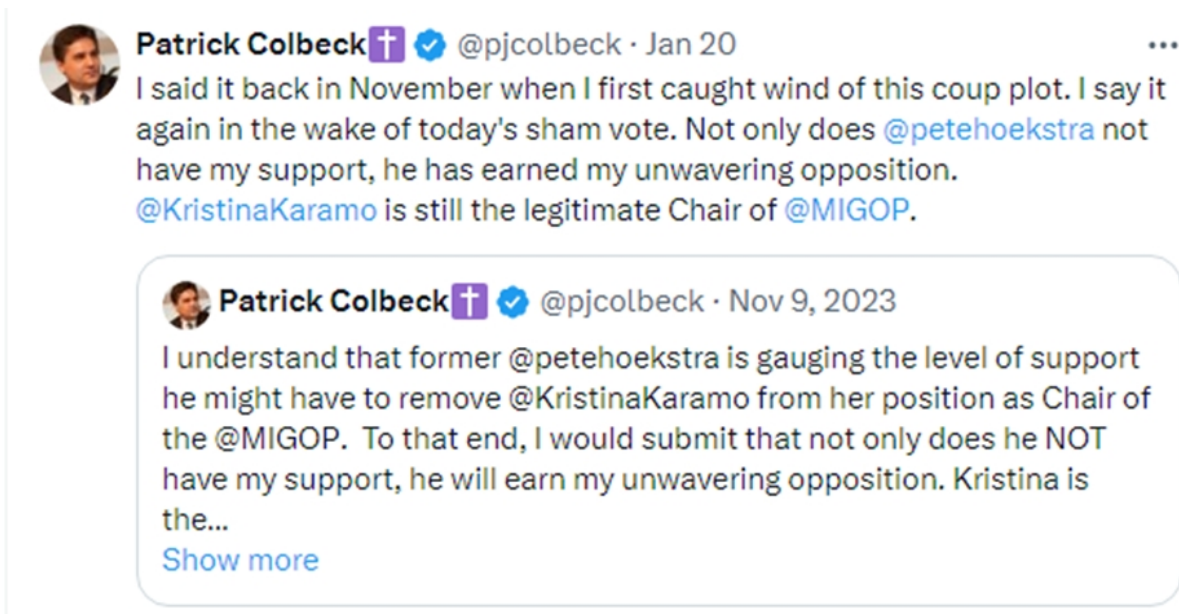

It's not that hard!

Do you need to phone a friend, or is this easy enough to figure out on your own?

Let's be clear.

Kristina Karamo represents a MIGOP that has a robust election integrity team. She has the full endorsement of Pat Colbeck, one of the most influential election integrity warriors in the nation.

What does Patrick know about Peter? Peter Hoekstra is the globalist lackey of Klaus Schwab with a long track record to prove it. You can find it here: [Peter Hoekstra - The Freedom Index](#).

Klaus wants what is best for Klaus, not what is best for you!

Let there be no misunderstanding. Theft of the MIGOP now means theft of the

election in November. It is that simple.

Peter Hoekstra swill be in charge of funneling globalist dollars from Klaus to bums like Tim Walberg as a reward for sending YOUR money to the Ukraine!

By funneling millions of globalist dollars to globalist shills, it prevents Michigan from

having any real opportunity for quality representation. We should have members in Congress from Michigan like this:

Let's take a moment to remember what we are fighting for.

We believe the American system of government, a Constitutional Republic, is the finest ever developed by man.

We believe the traditional moral values of our Judeo-Christian heritage form the cornerstone of western civilization, and that the family is the most vital unit of society.

We believe the free market system, competitive capitalism, and private enterprise afford the widest opportunity and highest standard of living for all.

We believe in the dignity of the individual. We welcome people from all ethnic racial and religious backgrounds, judging others only by character and ability as we wish to be judged ourselves. Our common bond is a love for liberty and our rejection of totalitarianism under any label.

We believe that individual rights are endowed by our creator not government; that the government's function should be limited to protecting our right to life liberty and property and the individual rights are inseparably linked to individual responsibility.

Armies in antiquity relied upon a war flag or standard to rally their soldiers. Today, we are at war. But it is a much different type of conflict from the iron age of warfare. Today we have a 5th Generation type of information and biological warfare. However, the same basic principles of human organization apply. This is especially important to understand when under duress.

Roman Battle Standards

To combat this new style of warfare, we need a rally banner. The eagle standard used by Roman Legions must now be a set of clearly expressed ideas that we can use as a basis of agreement and action.

Accordingly, are you willing to fight for the above set of core beliefs?

Western Civilization is at Stake, Michigan is Ground Zero
