

Dear Friend,
Happy New Year!

The Michigan Republican Party has rededicated to first principles and is proud to be the “Party of the Constitution”. In keeping with that branding, MIGOP has employed a grassroots based strategy implemented through the good neighbor program. Together, we are poised to lead the Republican Party to astounding victories in 2024.

The Kristina Karamo administration is an experienced and sophisticated operation specifically as to the MIGOP’s obligations for **election integrity**. The Michigan Republican Party has special abilities to make sure the treachery and fraud from 2020 is not perpetrated again in 2024!

Kristina Karamo was elected overwhelmingly to lead the Michigan Republican Party because her integrity as a pro American, anti-globalist Christian warrior is beyond reproach. Kristina cannot be bribed. **It is precisely for this reason that she is the most maligned state chairwoman in the country; Kristina is the globalists worst nightmare come true!**

The Republican Party is regularly smeared by the leftist media. Accordingly, the globalists have hired people that masquerade as Republicans to do their dirty work, to try to fool the public into thinking that there is a genuine controversy, when in fact they just spread lies.

The chief instigator of the such lies in Michigan targeted at MIGOP is John Yob. Mr. Yob employs several different criminals, drunks and miscreants to do his work. As for technology, Mr. Yob’s go to guy is a **Wayne County resident, and occultist named Jonathon Chapman**. Mr. Chapman is a well know political mercenary that is both respected for his ability to effectively lie and mislead and revered for his odd **Voodoo like mystical beliefs and practices**.

The ridiculous lies put out by Warren Carpenter John Jacob and Jonathan Chapman are the result of documents they stole and altered. The truth is the PRIOR administration before Karamo took office left MIGOP nearly a million dollars in a financial hole. Kristina has made huge strides in fixing that swath of destruction in a number of different ways.

Kristina has raised money that doesn’t require compromised principles.

Kristina has cut unnecessary expenses.

Kristina has fired underperforming employees.

Kristina has sued those in prior leadership responsible for the messes they caused.

The lies are geared specifically for the purpose of preventing the Karamo administration from building out its election integrity program. Yob and his globalist minions are totally unhinged from facts in their scorched earth efforts to prevent the Michigan Republican Party from ensuring election integrity in 2024. **The evidence of their evil intent is that they specifically target morally compromised people to carry out their agenda.**

Exhibit A to this fact is that the latest January 6 special state committee conference is being put out by **serial adulterers Andy Seabolt and Bree Moeggenberg**. They have an agenda full of things for the state committee to consider that under the existing Michigan Republican Party bylaws, the state committee doesn't even have the authority to consider. For example, they want to remove this undersigned author (from what it is not clear). This is nothing more than a distraction to prevent the work of real Republicans to win elections in 2024.

Don't be fooled by the liars and cheats like John Yob, Jonathon Chapman and Warren Christopher. They have only one plan, tear down the Republican Party because they don't control it. That is no plan for victory.

MIGOP has a plan for success. Working together, MIGOP is our best hope for victory in 2024. Let's make sure to support Kristina Karamo and her teams' efforts to retake the Michigan General Assembly and retake the state for Trump!
