LGBTQIA2+ in an Agenda Item to Distract You

Let's be clear, the idea of transgender men in women's sports is beyond ludicrous. The "men" that participate in this farce are mentally ill. The politicians and administrators that enable this madness are either corrupt or are useful idiots doing the bidding of their corrupt masters.

All of this must be understood in context. This trans nonsense is a new phenomenon that has just developed over the past 10 years, and we are constantly hearing new stories of the "first" this or that in which a man participated in a woman's sport. Here is a story from yesterday:

First Australia, Now Germany: Trans Men Join Women's Soccer

Having already ruined women's soccer in Australia, "trans women" have selected their next target: Women's soccer in Germany.

The Bavarian Football Association has permitted a balding fellow who calls himself Laura to join ladies.

It is noteworthy to point out that stories of mentally ill men masquerading as women in athletic competition is unheard of in China and Russia. For it must be pointed out that this trans insanity is a complete fabrication of the globalist elite. They seek to destabilize the Christian base of western civilization "have nots"* who currently hold political power (even if they do not fully realize it).

*(If you don't own a private jet plus a spare jet in case the first one is down for maintenance, you are part of the "have not" crowd).

Just like porno books for 3rd graders, these ridiculous ideas are endless in number and never ending in creativity and implementation. And they are very creative. Not that long ago the globalist elite had people building bomb bunkers in their backyard and schoolchildren doing drills hiding underneath their desks.

School Drills during the Cuban Missile Crisis in 1962

The context that is critical here is that all of this is orchestrated, it is all connected and none of it is done by accident. Any experienced politician will tell you that "accidents" don't happen in the application of public policy like this.

What can **YOU** do about this?

Get educated and get active in your community!

Use these guiding principles to form your team:

We believe the American system of government, a constitutional Republic, is the finest ever developed by man.

We believe the traditional moral values of our Judeo-Christian heritage form the cornerstone of western civilization and that the family is the most vital unit of society.

We believe the free market system, competitive capitalism, and private enterprise afford the widest opportunity and highest standard of living for all.

We believe in the dignity of the individual. We welcome people from all ethnic racial and religious backgrounds judging others only by character and ability - as we wish to be judged ourselves - our common bond is a love for liberty and our rejection of totalitarianism under any label.

We believe that individual rights are endowed by our creator, not government; that the government's function should be limited to protecting our right to life, liberty, and property; and that individual rights are inseparably linked to individual responsibility.

If you agree with the above concepts, you are a "Bircher" so let's get organized in local chapters of the John Birch Society to start impacting your community. In this way we can still work as an organized team statewide without concern of interference from the political thugs that set out to lynch Kristina.
