

Dear Friend,

Kristina Karamo is the Chair of MIGOP because she was elected by thousands of delegates who entrusted her not to let the 2024 election get stolen. This fact remains true today.

As we get closer to the election, **political insiders want you to believe that political power can be brokered like a commodity.** Do you agree with Yob and Hoekstra who think you are irrelevant to the political process?

Who should decide the leader of the Republican Party in Michigan?

- A. Republican delegates in Michigan
- B. A small group of Washington DC lawyers
- C. A guy in Florida that endorsed Matt Deperno for Chair

Peter Hoekstra and his financial master **John Yob** are hard at work **trying to convince you that Republican Delegates in Michigan don't matter.**

I am sick and tired of politicians that act as though the People don't matter.

But let's be clear about this. **Donald Trump DID NOT write the Hoekstra endorsement.** **John Yob did.** He then paid a truck load of money to Trump's inner team to get them to mislead the President and publish the endorsement, with Trump never having the opportunity to talk to either party first.

As we have established time and again, **Yob is the MASTER of the political bribe.**

With advance notice, Yob posted his authored words on X the moment it went up.

Kristina Karamo was elected by the people of Michigan because they knew her and knew she would not sell them out. That remains true today.

Kristina Karamo will not be bribed, bullied, or victimized. She knows well that the MIGOP Chair does not belong to her, it belongs to the **PEOPLE** of Michigan. **Kristina Karamo will not allow the “thugs” that duped Malinda Pego to intimidate her.**

If you know Kristina Karamo, you know she is a warrior.

In contrast, Hoekstra was the swampiest of swamp creatures in Congress with a voting record

to match.

Noting that a **60% grade in adhering to the Constitution is a FAIL** in most schools, let's take a look at Pete's adventures in destroying America...

Peter Hoekstra
Representative

Pork Barrel Spending – Unconstitutional Spending of \$91.9 Billion

This legislation (H.R. 4939) would appropriate a whopping \$91.9 billion for emergency supplemental funding in fiscal 2006, including \$67.6 billion for the wars in Iraq and Afghanistan, \$4.3 billion for foreign aid, and \$19.2 billion for Hurricane Katrina relief. Congressional Quarterly noted that the funding in the bill “for the wars in Iraq and Afghanistan would push to more than \$390 billion the war-related supplemental funds appropriated since Sept. 11. It would be the sixth major emergency spending measure for the Bush administration.”

Foreign Aid – Giving Anti-American Foreign Dictators \$21.3 Billion

The fiscal 2007 foreign aid appropriations bill (H.R. 5522) would authorize \$21.3 billion for foreign operations and economic assistance in fiscal 2007. Though foreign aid is supposed to help the poor and suffering in other countries, it instead has served to prop up economically deficient socialist regimes and to transfer wealth from American taxpayers to third-world elites.

Federal Unconstitutional Spending on Education \$601.6 Billion

This massive social-welfare appropriations bill (H.R. 3010) would provide \$601.6 billion in fiscal 2006 for the Labor Department (\$14.8 billion), the Education Department (\$63.5 billion), the Health and Human Services Department (\$474.1 billion), and related agencies. H.R. 3010 is the largest of the appropriations bills considered by Congress this year. In total, H.R. 3010 would provide a **21 percent increase** over a similar appropriations bill for fiscal 2005.

Sell-Out on American Manufacturing with CAFTA

H.R. 3045 implements the proposed Central American Free Trade Agreement (CAFTA), thereby expanding the devastating consequences of the North American Free Trade Agreement (NAFTA), including the job losses wrought by NAFTA. CAFTA is intended by the Power Elite to be a stepping stone from NAFTA to the proposed Free Trade Area of the Americas (FTAA), which would include all of the countries of the Western Hemisphere except (for now) Cuba. Like

NAFTA, which has already begun imposing its trade rulings on America, CAFTA and the FTAA would not be genuine free trade arrangements; they would instead manage trade and would gradually exercise more powers on the road to a supranational government modeled after the European Union.

Selling Out American Interests to Globalist Organizations (WTO)

Hoekstra led the No vote to reject Ron Paul's (R-Texas) measure (House Joint Resolution 27) to withdraw the United States from the World Trade Organization. The WTO is often portrayed as a "free trade" arrangement by its supporters, but it is actually an international bureaucracy that manages trade and imposes its rulings on member nations including the United States — even when those rulings are contrary to U.S. laws. In fact, U.S. membership in the WTO is unconstitutional, since under our Constitution, Congress — not an international body — "shall have the power ... to regulate foreign commerce." That power cannot be transferred short of a constitutional amendment.

The People do matter.

The People want the swamp to be drained.

Peter Hoekstra is the swamp!

We must rally for Kristina Karamo now, or we will surely be seeing Trump lament about Michigan when Pete sells him down the river like **Mike Pence, Bill Barr, Betsy DeVos, Jenna Ellis** and more. In each of these instances Trump made decisions made on recommendations of staff rather than by himself — just as the case now with MIGOP — and the results have been devastating.

Do not a few corrupt staffers on Trump's team steal Michigan!
