

Dear Friend,

Let's be clear and candid. The MIGOP chaos caused by **John Yob** is **NOT about**, lack of fundraising, lack of organization, or "freezing people out." For in all of those areas Kristina Karamo has outperformed expectations. As compared to past administrations, it is night and day better. MIGOP is now a grassroots party. Not a donor class party as was the case in the past.

So what is this really about?

Answer: Americanism v. Globalism

Kristina Karamo is a known, trusted voice of election integrity. They tried to bribe her. She refused. They tried to intimidate her. She would not comply. That left them only one choice, try to destroy her.

To do this they:

Hired thugs like Warren Carpenter

Promised power to moral reprobates like Andy Sebolt

Intimidated weak people like Malinda Pego

Played on the prejudices of people like Hassan Nehme

In the end the goal was to install experienced Washington Swamp creatures Peter Hoekstra and Mike Biship. Peter and Mike have proven to be reliable bag men for the globalists and **their goal is to have a Senator Ed McBroom like view of the 2024 election.** Will they raise money? Not really. What they will do is funnel millions of "string attached" dollars from the NRCC into pathetic RINO swamp creatures before the primary to make sure that the bidding they do for globalists is buried as best as possible.

Yuck!

Here is the good news! Today saw a stunning legal victory for Kristina Karamo as Peter Hoaxtra's team of criminals and moral reprobates was **easily outlawed by MIGOP lead counsel Dan Hartman.** You will hear lots of disappointed crowing from them today and in the days following.

Key Facts to Understand

- Kristina Karamo was reaffirmed as MIGOP Chair by a vote of 59-1 at a State Central Committee meeting held Jan. 13. This voting body consisted of

ZERO proxy votes in conformity with MIGOP by laws.

- The so called “Removal Petition” that is the subject of the illegitimate January 6 meeting was obtained through fraud or with signatures of members that were not in good standing.
- Both the January 6 meeting and the January 20 “not State Central Committee Meeting” meetings are of zero legal significance.
- Kristina has an moral and ethical obligation to fight for the delegates that elected her, and she is up for the challenge.

New Audio to be released from MRP has EPIC new evidence of John Yob and Warren Carpenter attempting to bribe a State Central Committee member with the exact same scheme with which they successfully bribed Hassan Nehme.

Here is an excerpt of an affidavit regarding an explosive new secret audio about to hit:

3. I am familiar with Warren Carpenter and know it to be his voice on these calls.
4. The petition was presented not as a vote for removal but rather as a vote to settle the dispute.
5. I was offered in writing via text, *"I'll make a promise...if you run for anything in the future I will personally get you past the primary...this is a promise."* in order to persuade me to sign the petition which I interpreted as an attempt to bribe me.
6. After refusing to sign the petition, I was told by Warren Carpenter on a voicemail,

"I can't wait for the day that you try to run for anything. I'm gonna make sure that everybody knows this the entire fucking state that you stood by and you did absolutely nothing. You are a coward. You are a weak coward. I'm so furious with you right now. You know better than this. You'll never hold a single office anywhere anywhere in your life again. I will make it my personal mission to run against you in any place you do anything knowing what you know and being on the budget committee and then making these bull shit arguments the way that you have. I hope you share this with everybody because I'm coming! I cannot believe you. Again, anything that you try to run for I will make sure that you don't get over the finish line. I will I will make it my life mission to work against you in anything that you put your name in for..."

7. In one conversation during the time he sought my signature, I was told that the removal had beenplanned including the drafting of the lawsuit.....During the phone call with a man purporting to be Troy Cummings.
8. I recorded my phone calls with Warren Carpenter as a party to the conversation.
9. I turned over copies of the recordings to MIGOP on January 28, 2024.

Stay tuned for the launch of the MRP website with the explosive audio and all documents!
