

Dear Friend,

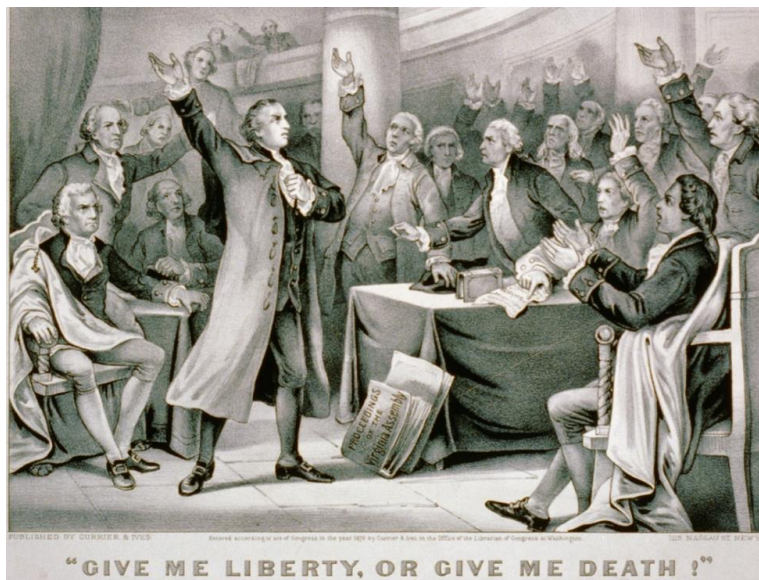

If you know someone that needs to be added to this policy briefing, please let us know by sending an e-mail here: info@puregrassroots.org.

Readers of this newsletter are well aware that **Peter Hoaxtra cannot be trusted** on the issue of **election integrity**. Readers will likewise know that the RNC appointment of lawyers from **Warner, Norcross & Judd** is proof positive that **“the fix is in” for the 2024 election**. We can unquestionably expect that the Republican Party at both the national and state level will actively betray the American people.

So, should we just give up?

No! An appeal to history may be our guide.

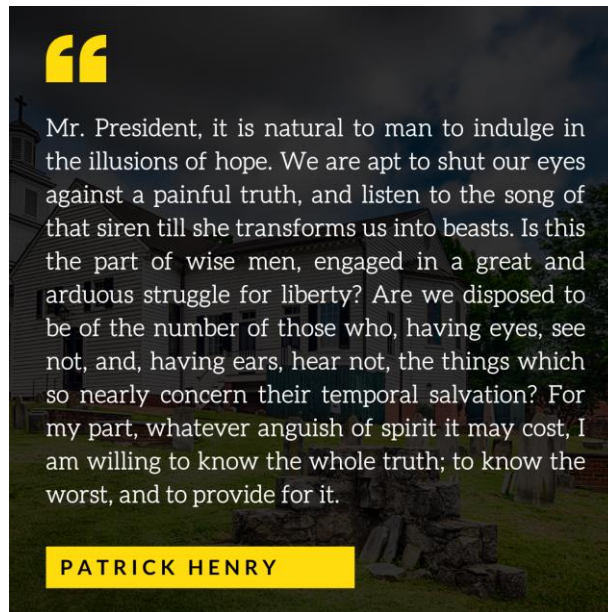

On March 23, 1775 Patrick Henry gave his famous “Give me liberty or give me death!” speech at the second Virginia Convention. Those days were bleak. The romanticism of liberty that was so evident at the first Virginia Convention was now replaced with the cold sobriety brought on by British Muskets and Cannons. The patriots there

assembled had been brought to full awareness that their cause was tenuous. They were outmanned, outgunned, and had no money.

The end of Patrick Henry's speech is of course the most memorable. But the key point he makes that leads to that thundering conclusion is essential to understand and so I highlight it today.

In the second paragraph of his speech, Patrick Henry says:

We face an arduous enemy today. Globalists that seek the destruction of the United States as an independent sovereign nation utilize people like **Peter Hoaxtra** and seek out lawyers such as those at **Warner, Norcross and Judd** to do their most treacherous dirty work. We must understand who they are and expose them or they will destroy this country.

How do we effectively fight back?

Education shall be our total strategy. Truth shall be our weapon.

Toward this end I am thrilled to announce that MRP will soon start hosting LIVE webinars with nationally recognized experts in fields that are critical in today's political battlefield.

The first session will be Wednesday April 3, 2024 at 7:30pm with Col. Kurt Hyde, national expert on electoral history and in particular the 2002 Help Americans Vote Act (HAVA). Kurt was the author of this critical article from November 2010 that turned out to be shockingly prophetic. [Will the 2010 U.S. Census Data Be Used to Fraudulently Register Voters? - The New American](#)

HAVA is one of the key pieces of legislation that made the theft of the 2020 election possible. Understanding this critical law and how it impacted elections is critical to unraveling the chains of bondage that have so enslaved us to date.

The goal of MRP is to help activists get critical information and get organized for the best use of that information. There is no honor in being the best educated member of a concentration camp so it is essential that we get educated and then get active. **We do this best working as a team.**

How can we know who to work with and who we should stay away from?

Use these guiding principles to form your team:

We believe the American system of government, a constitutional Republic, is the finest ever developed by man.

We believe the traditional moral values of our Judeo-Christian heritage form the cornerstone of western civilization and that the family is the most vital unit of society.

We believe the free market system, competitive capitalism, and private enterprise afford the widest opportunity and highest standard of living for all.

We believe in the dignity of the individual. We welcome people from all ethnic racial and religious backgrounds judging others only by character and ability - as we wish to be judged ourselves - our common bond is a love for liberty and our rejection of totalitarianism under any label.

We believe that individual rights are endowed by our creator, not government; that the government's function should be limited to protecting our right to life, liberty, and property; and that individual rights are inseparably linked to individual responsibility.

If you agree with the above concepts, you are a "Bircher" so let's get organized in local chapters of the John Birch Society to start impacting your community. In this way we can still work as an organized team statewide without concern of interference from the political thugs that set out to lynch Kristina. The fight continues!
