

Dear Friend,

Today in the wake of the rigged Biden Trial in New York, President Trump and the Republican National Committee are launching **Trump Force 47**.

President Trump said it best at his New York press conference today:

“November 5th will be the most important day in the history of our country.”

The real question for you: *are you willing make a small-time commitment to President Trump to make a big impact on the elections in November?*

Join Trump Force 47

Trump Force 47 is a strategic neighbor-to-neighbor organizing program hyper-focused on turning out highly-targeted voters in critical precincts across the battleground states and districts.

Trump Force 47 volunteers are essential to delivering enough votes for President Trump and other Republicans to win in November. They will complete small tasks of their choosing, such as:

- Visiting 10 voters in their neighborhood from a targeted list provided by us.
- Participating in phone banks to make calls to targeted voters.
- Delivering yards signs to their neighbors.
- Being trained and shifted to work as a poll watcher.

Winning solves everything, but guaranteeing victory requires small time commitments from tens of thousands of patriotic Americans across the country.

Trump Force 47 Captain – Achievement Rewards

President Trump’s most dedicated Trump Force 47 volunteers will be eligible for **exclusive rewards** including:

- Trump Force 47 memorabilia
- Exclusive Trump Force 47 Captain apparel
- Special expedited entry at Trump rallies
- Limited edition Trump Force 47 Captain hat

- *Invitation to an exclusive Volunteer Thank You Party with President Trump*

What are you waiting for? Are you ready to get in the game and help us win?

Our voters are more motivated now than ever, but not everyone knows how to help.

This is the way to help us win. Make a small-time commitment as a Trump Force 47 Captain and you will have a big impact on winning the election.

We must never surrender our country to tyranny. Now is the time to take a stand.

Join Trump Force 47 today! President Trump is counting on you!

Sincerely,

Thomas Midanek
