

Dear Friend,  
**It's Blood Money.**

Peter Hoekstra claims to be pro-life but his actions say otherwise as he invests his own money heavily in the abortion industry! **Hoekstra Makes Money by Disposing of Aborted fetuses for Planned Parenthood!**

**Is this Warren Carpenter moving dead fetuses for Hoakstra?**

According to the **2017 disclosure filed with the U.S. Office of Government Ethics**, former Rep. Pete Hoekstra, R-Mich., invested as much as **\$50,000 in Stericycle**, Inc., one of the nation's leading **medical waste disposal companies** that serviced abortion clinics like **Planned Parenthood**.

**Worse yet, the whole operation is a fraud-based operation!** They claim to have a policy against doing exactly what they are notorious for doing – **hauling off the caucuses of innocent children like so much garbage!** According to Fox News: The group (Stericycle) had previously reportedly cut ties with hundreds of abortion centers, reiterating its policy against hauling aborted fetal waste, but **continued servicing Planned Parenthood** facilities while requiring them to certify no such remains were included in the refuse it transports. Despite that, Stericycle's continued ties with abortion centers has driven further protests against the company over the years.

Hoekstra knew about this! **Five years before Hoekstra's personal \$50,000** investment, in 2012, then-Republican presidential candidate **Mitt Romney** also faced criticism for being part of an investment group, Bain Capital, that reportedly invested millions in Stericycle.

Could you imagine investing \$50,000 of your money in the infanticide industry? Hoekstra has no problem with it. **[Hoekstra is experienced in taking blood money without conscience.](#)**

In Congress, **Hoekstra was** a globalist lackey swamp creature with a reputation for being a **cheap date for Washington lobbyists**. His investing in the child murder business should really come as no surprise.

This is the moral character of the leaders that John Yob wants to shove down your throat. Let Yob hear loud and clear: NO THANKS!

Stay tuned for the release of our new website [www.puregrassroots.org](http://www.puregrassroots.org). The website will have all of the evidence mentioned here but also so much MORE!
