

Dear Friend,

**99% of lawyers give the rest a bad name.**

And the really bad ones seem to be coalescing at a globalist, Anti-American consortium of evil lawyers at **Warner, Norcross & Judd** in Grand Rapids.

What are the hallmarks of a deep state operation?

They would make millions off of **BOTH** the so called “right” **AND** the so called “left” of the political spectrum. You would expect to see them operate on the right with the military industrial complex and on the left with green new deal types of projects. Lobbying and international banking will definitely be on the menu.

As it turns out, **Warner, Norcross and Judd** checks all the boxes when it comes to being establishment, globalist front operation. From the firm’s own website, a small town Grand Rapids firm that otherwise does some divorce and child custody work, somehow also makes millions in the following practice areas:

**“Aerospace & Defense”**

**“Financial Institutions”**

**“Resources, Energy and Environmental Law”**

**“Government Advocacy and Affairs”**

If you have evil intent, these are the lawyers that you can count on to whore out for a globalist dollar. Thus, it is no surprise that this is also the notorious firm at the heart of the *Pego v. Karamo* case that was filed to try and oust Kristina Karamo as MIGOP Chair.

**Whenever there is high level political corruption**, one thing you will always see is a dirty law firm like **Warner, Norcross & Judd** at the center. They can use things like attorney client privilege and their trust account to play a shell game to hide money and associations. Only the closest examination of FEC filings will out the truth.

Here is the truth. **John Yob has hired Warner Norcross & Judd to be the legal hit men for the globalist assault on America.** These people are evil but they are not stupid so it is important to follow the connections. The FEC reports help connect some dots.

John Yob’s has long been a major contributor to Peter Hoekstra and those connections are long established already. But some will say, **how could a ruffian**

**like Warren Carpenter possibly know someone “high class” like Ambassador Peter Hoekstra?** Turns out that Carpenter has been a Peter Hoekstra employee **for more than ten years**. See these filings from Peter Hoekstra’s FEC report:

Some may wonder how the Anti-Karamo camp was able to influence the RNC legal counsel so quickly. It was because the Anti-Karamo team used their **pay to play lawyers** to intervene on their behalf. **The RNC “opinion” was not a legitimate legal analysis, as much as it was a bought and paid for commodity exchanged between political whores.** From the financial disclosures:

|                               |                            |                               |        |         |

| REPUBLICAN NATIONAL COMMITTEE | WARNER NORCROSS + JUDD LLP | LEGAL AND COMPLIANCE SERVICES | Feb-23 | \$5,000 |

**Don’t be fooled. The Hoekstra camp is a globalist front that exists to marginalize election integrity efforts and prop up RINO’s at every level of government.**

As was the case in the days of Gideon, discernment is needed! Know that the operators like Warner, Norcross and Judd are agents of the globalists and they get paid millions of dollars to be a cog in the take down and destruction of the United States as a Constitutional Republic.
