

I'm Riley Gaines. Maybe you've heard me talk about how other female swimmers and I were forced to compete against men -- and even share locker rooms with them.

Most people sat idly by and allowed this injustice to happen. That's when I realized that nobody else was going to stand up for me, my teammates, and other women like us. I had to speak out.

That's why I launched the **Riley Gaines Center at the Leadership Institute**.

My team of Riley Gaines Center Ambassadors and I are building a movement of students, athletes, and concerned citizens who are fed up with the attack on our freedoms and rights. I'd love to have you join us to defy the dangerous gender ideology that's spreading rampant throughout society today.

Women already fought for equality.

*Now, our achievements are being erased by men who declare themselves women.*

Government is making matters worse. Look how the Biden Administration is altering Title IX rules, for instance.

Title IX used to protect against discrimination on the basis of sex -- on the incontrovertible, biological fact that men are men and women are women and both are afforded equal access under the law to government-funded programs.

But now, the Biden administration's proposed Title IX changes will stop schools from enforcing women-only recognitions and spaces. They'll rob women of opportunities, put them in physical danger, and silence them when they dare to dissent.

%%first%%, I've gotten used to the left trying to shut me up. **But now they're trying to erase all women.**

I'm not backing down from this fight. I hope you won't either. On behalf of America's daughters, [I hope you will stand with me by donating \\$500, \\$250, \\$100, \\$50, or even \\$25 right now!](#)

At this urgent moment, my Riley Gaines Center Ambassadors and I are working to protect the rights of women and girls against the Biden administration's Title IX changes. We're taking on the gender ideology radicals who aim to erase women's place in this country.

Patriotic Americans like you who care about women's rights -- and the truth -- are rising up to stand with us. [Please join us with your most generous gift today.](#)

Together, you and I can stop the left's attacks, and save women's place in America's future.

Sincerely,
