

Dear Friend,

Election integrity is **THE SINGLE** most important unknown in the 2024 election. This is no longer about raising money or awareness for Trump.

As we will see in this edition, there is demonstrative proof that **Kristina Karamo cares about election integrity and is getting results.**

There is equal proof that **Peter Hoekstra** has no election integrity plan and has actually started working to undermine election integrity in 2024.

But first as to my premise that election integrity is more important than any sort of outreach program you could do to “convert” Biden voters to vote for Trump. The truth is, there really are not that many Biden supports to begin with. We see absolute proof of this in the free market.

As you have traveled about, how often have you seen stores like this?

And this?

And this!

Now, ask yourself if you have EVER seen a Joe Biden store anywhere? I don't think they even have them in

California.

Despite all the gaslighting to make you think it is close, it is not. The overwhelming majority of Americans support a Pro America agenda.

The only real unknown issue in 2024 is....

Will we have an honest election?

That's the real issue. Everything else is window dressing.

Last week we showed you evidence of MIGOP Chair Kristina Karamo hard at work with her election integrity team at the Deroit TCF getting ready for poll worker and observer training. MIGOP under Kristina Karamo has a robust election integrity team that has achieved results including the exposure of a Biden Crime Syndicate Election Fraud Company called GBI Strategies. See the story here: [NEW EVIDENCE REVEALED... GBI Strategies Employee Who Turned In Fraudulent Muskegon Voter Registrations Gives STUNNING Interview -- Lists Urban Cities Where Organization Operates In Michigan and Nationwide \[VIDEO\] | The Gateway Pundit | by Patty McMurray](#)

Why wasn't Peter Hoekstra at the Detroit TCF center last week? As it turns out, he was not invited. See, Peter is NOT the Chair of a political Party. Peter Hoekstra is the titular head of a newly formed political action committee called Michigan GOP Red PAC.

If you check in with the **Michigan Secretary of State**, this is what you will see:

Kristina Karamo is Chair of a Political Party called Michigan Republican Party.

Peter Hoekstra has an Independent PAC called the Michigan GOP Red PAC.

Only actual Political Parties get to train and deploy poll observers with the advantages that a Political Party gets in the process.

But has Peter Hoaxtra even tried to give lip service to election integrity?

No!

Worse, his team of wolves is already plotting ways to compromise the process. Specifically, they are doing their level best to disrupt a critical live fire rehearsal for the 20204 general election.

Will Trump win the primary vote on Tuesday? Of course he will. But the bigger question is how many poll observers get critical training in the process. Despite the essential nature of this opportunity, what has been

coming out of Peter Hoaxtra's camp in advance of a critical poll observer training event on February 27?

A CRIMINAL attempt to impede necessary poll observer training and implementation.

Why, you may ask, would Peter do that?

Peter Hoaxtra is a globalist plant sent by international globalists through organizations like the Council on Foreign Relations and the U.S. Global Leadership Council to specifically make sure that the Michigan Republican Party will be as impotent in 2024 as they were in 2020 and 2022. **The proof of it is just overwhelming and is available here:** [Peter Hoekstra - The New American](#), **and here:** [MI-Advisory-Committee.pdf \(usglc.org\)](#), **and here:** [Shadow of Power The Council on Foreign Relations And The American Decline : James Perloff : Free Download, Borrow, and Streaming : Internet Archive](#) **and here:** [The Hard Road to World Order | Foreign Affairs](#).

The below email from Peter's camp should be considered clear evidence that Peter Hoaxtra has only one real objective, make sure he is in position to betray Trump and the people of Michigan in 2024. Understand, even if there is a dispute as to Chair, it is clearly in everyone's best interest to have experienced poll observers. There is JUST NO legitimate reason for this email even if it was factually correct (which it is not).

The BEST that could be said is that Peter is just petty, vain, and egotistical such that he would rather see the whole thing burn than actually win in 2024. And even in that best case scenario, is that what you want?

Subject: Fraud Alert: Beware of fraudulent poll watcher/challenger credentials

BEWARE OF FRAUDULENT CREDENTIALS

When you go to vote this Tuesday, February 27th, in the REPUBLICAN Presidential Primary, be very vigilant of the credentials that poll watchers and/or challengers are displaying.

Individuals displaying credentials signed by Kristina Karamo are not authorized to act in that role in the polling place and you should immediately call 911 if you see fraudulent credentials.

Per the Michigan Republican State Committee and Republican National Committee, Kristina Karamo is no longer the chair of the Michigan Republican Party and has no authority to issue credentials. Further, individuals bearing credentials with her signature may be bad actors seeking to disenfranchise voters supporting President Donald J. Trump.

This email is a fraud and its cowardly, anonymous perpetrators have committed a crime. For once Dana Nessel will have something genuine to sink her teeth into. Please note that anyone circulating this fraud can be considered a co-conspirator and incur significant criminal liability under the voter suppression laws passed in 2022.

Election integrity is the core issue for 2024. On this core issue, there is only one clear choice for leadership of MIGOP – Kristina Karamo.
