### **Globalists Smear Neil Friske as Absentee Ballots Drop**

Globalists hate men of principle and integrity like Neil Friske. He can't be bought. He can't be threatened. He can't be bribed. So naturally they have to destroy his reputation. And what better time to do it then right before absentee ballots drop for the primary election!

To begin, lets define who is "They"? "They" are Globalists of course. Globalists are men and women who seek to undermine the traditional values of our Constitutional Republic in the pursuit of centralization of political power in the hands unaccountable and unelected elites. While this may seem like an incredible statement to some, the powerful elite ringleaders are pretty open about their goals. The following is but one example of hundreds that I could use.

### **Quote from the 2002 Autobiography "Memoirs" by David Rockefeller**

In most cases, globalists find people of mediocre talent like Peter Hoekstra or thugs like Warren Carpenter, for gullible idiots like Malinda Pego who, like Esau, will sell their birthright for a proverbial bowl of porridge. These people understand that the globalists have enormous power and that by doing their bidding, they can personally advance far beyond what their talent or work ethic would otherwise produce in a legitimate sense. It is important to know that the mission here is not necessarily about money. It's about power and social standing.

Neil Friske is an aberration as a legislator. Financially, Neal is not so wealthy as to be polluted by money but is stable enough that he can't be bought off. Neil genuinely loves this country and genuinely loves his state and the constituents he serves. Neil's biggest problem is that the globalists are now convinced he is a lost cause to their agenda.

MRP praise is not won by being a nice guy or saying some conservative stuff. It is hard won through action. For MRP seeks to be like the noble Bereans that are constantly testing things against scripture. MRP is constantly weighing political choices against the Constitution and the concepts of liberty enshrined in our Declaration of Independence. In that effort, here are the fruits of Neil's labors in Lansing:

### Friske is 1 of only 3 100% Constitutional Legislators in Lansing

This brings us to the salacious charges levied against Neil. Likely you have seen grotesque headlines like this one:

Fox News · 1d

**GOP Michigan rep accused of chasing an exotic dancer while brandishing a gun**

A Michigan state representative may face felony-level sexual assault and weapons charges after allegedly sexually assaulting ...

As a brief aside, it should be noted that Fox News is no friend to the American patriot. Fox News was the first organization to stab Donald Trump in the back. It has since its inception been controlled opposition for the globalists. Its founder, Rupert Murdoch, is a longtime distinguished member of an organization called the Council on Foreign Relations which is a prestigious front organization for the globalists in the United States.

### The charges against Neil are absolute rubbish.

The salacious allegations are intentionally vague and when you read the story you will notice that all the media and police accounts are extremely light on details. What actual criminal conduct happened? No one can say. What were the names of the victims? None are known or disclosed. There's absolutely no proof that a gun was ever discharged. Anyone that's paying attention to politics knows that if this had happened to Matt Hall, Aeris Nesbit or some other establishment republican doing the bidding of the globalists, **the story would simply say that a State Rep was the victim of an attempted home invasion, and he chased them off with his gun.**

All the fingerprints of a globalist character assassination hit on Friske are present in this case. The charges are engineered to mimic the Lee Chatfield case so as to smear Niel through an association that otherwise is non-existent. The incident came just after polling was done in the 107<sup>th</sup> district to show that Friske had a strong lead over his establishment republican backed opponent. The child he is running against is an empty suit drone for the DeVos family who, absent a character assassination against Niel, could not win an election against a paper bag.

Salacious accusations of gross but unspecific criminal conduct with anonymous victims and virtually no details of the crime is a common tactic used by the globalists. Recently we saw this with actor Russell Brand. When this famous Hollywood comedian and actor became a political activist for health freedom, and openly opposed pandemic narrative and the COVID job, he went from Hollywood Darling to gross sexual predator nearly overnight.

**When Brand Turned into a political nonconformist, he was smeared**

Headline grabbing accusations of brand engaging in sexual assault and rape of a minor were strewn all over your social media. No names of any victims or actual accusations were ever forthcoming and in fact Brand was never charged with anything. Because if he had been charged with something his lawyers would have had an opportunity in court to prove that the whole thing is a fraud.

Neil Friske is a man of integrity and honor. Now more than ever he deserves your support in his battle against globalist forces that currently dominate the Lansing Legislature.

What can **YOU** do about this?

Get educated and get active in your community!

Use these [guiding principles to form your team](#):

**We believe the American system of government, a constitutional Republic, is the finest ever developed by man.**

**We believe the traditional moral values of our Judeo-Christian heritage form the cornerstone of western civilization and that the family is the most vital unit of society.**

**We believe the free market system, competitive capitalism, and private enterprise afford the widest opportunity and highest standard of living for all.**

**We believe in the dignity of the individual. We welcome people from all ethnic racial and religious backgrounds judging others only by character and ability - as we wish to be judged ourselves - our common bond is a love for liberty and our rejection of totalitarianism under any label.**

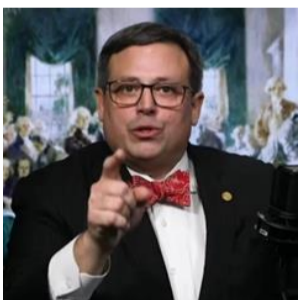

**We believe that individual rights are endowed by our creator, not government; that the government's function should be limited to protecting our right to life, liberty, and property; and that individual rights are inseparably linked to individual responsibility.**

If you agree with the above concepts, you are a "Bircher" so let's get organized in local chapters of the John Birch Society to start impacting your community. In this way we can still work as an organized team statewide without concern of interference from the political thugs that set out to lynch Kristina.
